MESSAGE

To the completers/graduates of Batch 2019, my warmest congratulations!

You have finally come to this meaningful ceremony and indeed, it is my great pride and delight to celebrate with you and your family the joy of your achievement. Enjoy the sweetness of your success and thank everyone who have made you become what you are now. You cannot reach this far without your teachers, parents, siblings, good friends, and those who helped shape you as a good individual. This new chapter offers more opportunities to clutch and a bigger world to deal with. Armed with positive attitudes and strong determination, I believe that it would be easy for you to conquer the world. The knowledge, skills and abilities you learned from school grid the road for your better and brighter future.

Continue to learn and love education, for it is the key which unlocks all your potential. I am proud of you and I believe many feel the same too. You did a good job in your journey, keep going.

This school year's theme **Unity in Diversity: Quality Education for All**, illuminates the magnificence of the K to 12 Program that brings light and courage to our country through our youth. Through quality education that is accessible for all, our learners have been equipped with lifelong competencies that prepare them for the future challenges. This then reminds us of the importance of oneness in goals and visions for our future leaders. With this, we celebrate for diversity and unite in victory despite the various challenges.

To the school administrators, teachers, parents, and other stakeholders, my sincerest gratitude and compliments for a job well done. Without your candid support and efforts, we can never end this school year successfully.

God bless everyone!

NICASIO S. FRIO
Assistant Schools Division Superintendent
