CIRCLE AWARD
Curriculum and Instruction Regional Champions for Learning Excellence

I. RATIONALE

The Curriculum and Instruction is the heart of the educational system. All efforts to improve the system are geared towards the achievement of the learning outcomes. Student achievement is the end goal and the reason of the existence of all education leaders, policy makers, curriculum implementers, instructional managers and stakeholders. The relevance and significance of the curriculum and instruction rely on their impact to learning.

DepEd through the Office of the Undersecretary for Curriculum and Instruction launched the Secretary's Award for Excellence in Curriculum and Instruction (SAFE CI) in 2020 per DepEd Order 002 s. 2020 and continued the search for outstanding performances in curriculum and instruction through DepEd Order 066 s. 2021. This program recognized and awarded the exemplary performance and contribution of the field and central offices (schools, schools division offices, regional offices, and CI Bureaus/offices in making authentic learning happen in the lives of public school learners. Moreover, this appreciates the initiatives and innovations exerted by various offices in managing the delivery of instruction during the COVID-19 Pandemic.

The SAFE CI has underscored significant accomplishments and innovative programs and projects of offices and schools in the different governance levels and how these accomplishments, programs and projects created a big impact to learning. This program prompted and inspired everyone to be learning focused regional and division offices, schools and community learning centers.

In support to the SAFE- CI principles, guidelines and mechanics, the DepEd Regional Office VI through the Curriculum and Learning Management Division (CLMD) initiates the **Curriculum and Instruction Regional Champions for Learning Excellence (CIRCLE) Award** as a contextualized award and recognition program for school, district and division curriculum implementers. The CIRCLE award highlights holistic and outstanding performance, innovations and initiatives of the 21 Schools Division offices (SDOs) and their schools districts and schools in fostering the culture of excellence in teaching and learning.

The name itself, **Curriculum and Instruction Regional Champions for Learning Excellence**, underscores an imperative response of the school personnel, School heads, Public Schools District Supervisors, Division Education Program Supervisors and Division Education Leaders to employ exceptional and outstanding ways, mechanisms and processes to champion curriculum and instruction implementation such as curriculum enhancement, learning delivery, learning resources and learning assessment which will eventually result to excellent learning outcomes.

As the region takes the lead in promoting Sulong Edukalidad, the CIRCLE award shall be its mechanism gauge the impact of all the programs of the region to the learning outcomes such as the Institutionalization of Educational Innovations in the Region, the Establishment of the School Heads Academy, the Pool of Scholars, the Development of the Culture of Research, the Establishments of Farm Schools and Home Gardening Program and the effective implementation of the School-Based Management (SBM) and many other innovations that will realize the Region's mantra *every child is a champion.*

II. OBJECTIVES

The CIRCLE Award aims to achieve the following:

1. Recognize the exemplary performance of the schools and SDOs in championing curriculum implementation and learning outcomes.
2. Ensure adherence of schools and SDOs to the School-based Management (SBM) guiding principles and processes.
3. Gauge the impact of schools and SDOs initiatives, innovations and accomplishments to learning outcomes.

CHAMPerformance

(Contextualized and **H**umanized **A**ssessments for a **M**eaningful and **P**erformance-based Learning Results)

I. Rationale

Classroom Assessment is the ongoing process of identifying, gathering, organizing and interpreting quantitative and qualitative information about what the learners know and can do (D.O. 31,2020). This provides immediate feedback to teachers and learners on the type of learning strategies used suited to the different learning modalities. Through this, teachers can fairly assess and rate the learners in the continuation of education during this health crisis and even after pandemic.

Despite the challenges faced in this time, efforts of ensuring the learning outcomes of learners are of utmost importance. Though it is difficult to ensure the integrity of the assessment results among learners, this will not hinder the DepEd's advocacy for ensuring learning outcomes. The use of various contextualized assessment strategies is one of the responses to these challenges so that schools in the Schools Division can conduct assessment in the context of the learners.

The DepEd Orders on assessment such as D.O. No. 31, s. 2021 and D.O. No. 08, s.2015 are still the primary bases of this regionally initiated assessment guidelines to contextually guide schools divisions all throughout Region 6. This initiative aims to provide assessment framework that is doable during and even after this pandemic which would primarily serve as guidelines in the operationalization of the Schools Division's contextualized assessment plan. The assessment plan would focus on the holistic mechanism of assessing the written works and performance tasks of the learners in a contextualized and humanized approaches. With this, the DepEd's mission of protecting and promoting the right of every Filipino to quality, equitable, culture-based, and complete basic

education where the students learn in a child-friendly, gender-sensitive, safe, and motivating environment would be realized. Consequently, it would make learners become *Maka-Diyos, Maka-tao, Makakalikasan* and *Makabansa*.

The DepEd is also providing opportunities to learners to showcase their performances through different skills and talents presentation. This allows the teachers to assess learners in different manner aside from the routine classroom assessment.

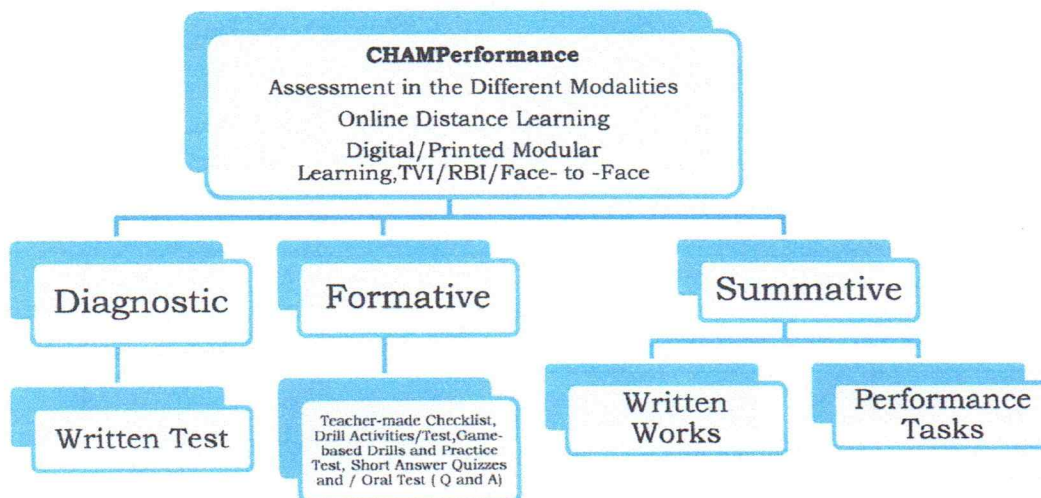

It is envisioned by the Department of Education to continue its mandate despite limitations and confronted with difficulties in monitoring the learning progress of learners considering their context.

II. Objectives

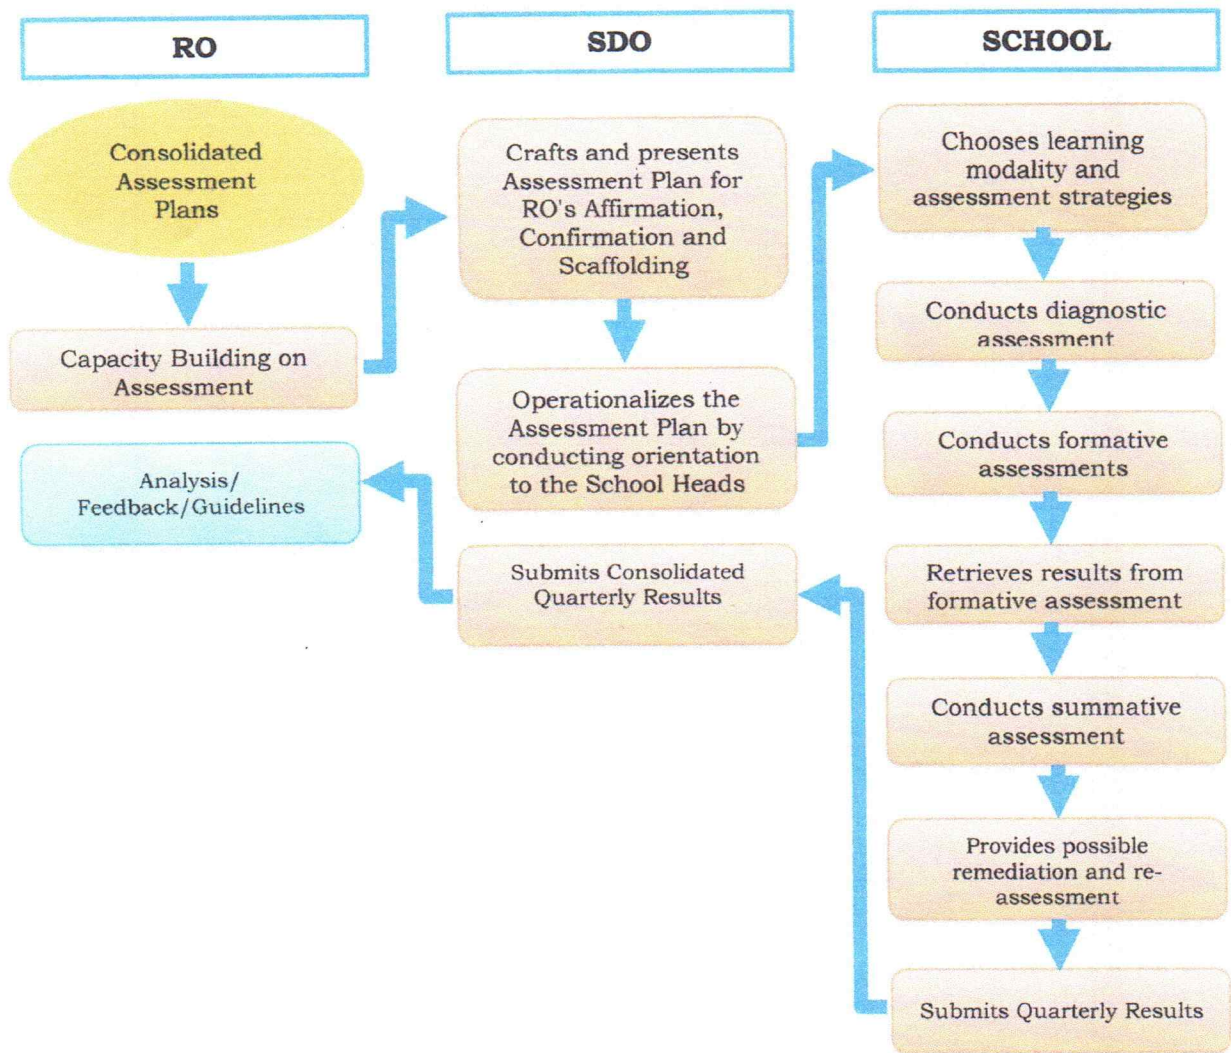

- a. Contextualize and humanize assessments in all learning areas and all grade levels in the different learning modalities;
- b. Design assessments which integrate within and across learning areas for meaningful and authentic learning outcomes;
- c. Establish the validity and reliability of the assessment tools and their results;
- d. Provide framework for Schools Divisions in the operationalization of their assessment plan; and
- e. Provide feedback on learners' academic performance.

III. Regional Office Assessments Operationalization

The suggested guidelines to operationalize assessment in the different learning modalities and the flowchart, assessment strategies, and skills and talents presentations show what inclusive assessment will be administered in the different learning modalities as shown in the next pages.

Alternative Learning System (ALS) Assessment

The *presentation portfolio* contains formal records, completed by the learner or with the assistance of the Alternative learning System (ALS) Teacher/Community ALS Implementor/Learning Facilitator and work samples. The *work samples* may include a project undertaken by the learner, either individually or as a member of a group, and samples of activities undertaken by the learner that demonstrate learning accomplishments. The work samples, the formal records, Recognition of Prior Learning (RPL), and the Assessment Records should, in total, provide evidence of the learner's achievements across all six (6) Learning Strands in the ALS K to 12 Basic Education Curriculum.

Work Samples are written and performance outputs of the learners that demonstrate learning accomplishments across all six (6) Learning Strands in the ALS K to 12 BEC. These shall contain comments, feedback, remarks, and signature of the ALS Teacher/Community ALS Implementor/Learning Facilitator. Below are the possible work samples that can be included in the presentation portfolio:

IV. SDOs Contextualized Assessment Operationalization

Each SDO will operationalize its own assessment plan in the different learning modalities based on the context of its schools and learners. Ensuring the integrity of the learning assessment results are encouraged but with maximum adherence to the Memorandum OUCI-2020-307 issued on October 30, 2020 known as Suggested Measures to Foster “Academic Ease” During the COVID-19 Pandemic”.

The operationalization of assessment plan is not only during pandemic but can be continued after pandemic if still applicable or can be contextualized to the current educational landscape to become more responsive to the need of time.

V. Timeline

Administration of quarterly assessment will be based on the DepEd issuance as to calendar of activities for the school year.

VI. Submission of Quarterly Assessment Results of

Quarterly submission of results will be via google form that will capture the following data.

- Total Number of Learners per Grade Level and Learning Area
- Number of Number of Learners who Passed

- Number of Learners who Failed
- Average Grade per Learning Area/Grade Level

VII. Analysis of Assessment Results and Recommendations/Action Plan

After the results of assessment had been gathered this will be organized and analyzed. Once analysis had been made recommendations or action plans will follow. This would then be the bases for policy formulation and recommendations or offshoot for training and any other initiatives that would address the identified issues and concerns.
