Dear Dr. Uytico,

The Department of Information and Communications Technology-Western Visayas Regional Office (DICT-WVRO), through the ICT Literacy and Competency Development Bureau and the Cybersecurity Bureau, will be conducting an **Orientation on the Philippine National Public Key Infrastructure (PNPKI) for Teachers** this **February 28, 2022 at 2:00 PM to 4:00 PM**.

The Public Key Infrastructure (PKI) allows users of public networks, like the Internet, to exchange private data securely. PKI is essentially a set of hardware, software, policies, personnel, and procedures needed to create, manage, distribute, use, store, and revoke digital certificates. The PKI is one of the core services being offered by the Department of Information and Communications Technology (DICT) that will foster trust in the government by ensuring secure and reliable online transactions.

In relation to this, we would like to request the participation of **all interested public school teachers in Region VI** through your encouragement and information dissemination to join us in this one-day Orientation. The PNPKI digital signature is a new requirement by the Commission of Elections (COMELEC) for all public school teachers who will serve as Electoral Board Members. Moreover, PNPKI registration is also encouraged for all government employees, agencies, and private individuals who use email for communication, online transactions, or signing of documents and certificates.

Interested participants may register through: [tinyurl.com/PNPKIforTeachers](http://tinyurl.com/PNPKIforTeachers). Should you need further assistance in the matter, please feel free to contact us through [jessaangeli.temelo@digt.gov.ph](mailto:jessaangeli.temelo@digt.gov.ph).

We are looking forward to this collaboration with you. Thank you very much.

Very truly yours,
