Sir:

This is in reference to the request of EPSON Precision Phils., which is a duly registered Ecozone Export Enterprise at the Lima Technology Center – Special Economic Zone as granted by the Philippine Economic Zone Authority, to conduct a Local Recruitment Activity on April 5, 2022 here in the Province. Specifically, they intend to recruit five hundred (500) female and male Production Operators whom they prefer to be at least 18 years old and high school graduates.

As we are hoping that through this activity we will be able to provide employment opportunity to many of our fellow Capiznons and end their long wait for employment especially caused by the pandemic, we are requesting assistance from your good office to help us disseminate this information to all Senior High School graduates of the National and Integrated Schools under your Division.

As your reference for the foregoing request, we are herewith providing your good office with the official activity flyer as published in our official FB Page PESO Capiz. Our office will be coordinating with the applicants via the online registration.

Further, kindly direct all interested applicants to register via the Google Form link provided therein for their online registration.

We are, therefore, asking for your positive response and action for this request.

Respectfully,

  
**JOHN LEO MARCO D. BELDIA**  
PESO Manager
