Sir/Madame:

In the desire to help the students, particularly those who nurture special interest in the field of Science and Technology, the A.P.P ACCESS COMPUTER CENTER has embark of a kind of Development project designed to provide perspective broadened between the students as well as their parents on matters regarding Science and Technology. The program called the A.P.P ACCESS COMPUTER CENTER, aims to link the home and school together to enable them to appropriately respond to the needs of parents and understanding process on their children.

To promote and develop Science and Computer consciousness in the youth, the program offers to help the parents and children secure Science and Technology reference guide and advance computer study. This will enhance in each students the basic know how in Science and degree of Computer Literacy relevant to globalization. While the program aims to help every students attain proficiency in academic pursuit, it may also reduce the financial burden of parents who have to cope up with high cost of education particularly on price of tuition fee. And the students will learn Computer troubleshooting. Please allow us to ask permission to visit in your school under your Division.

Under the scheme, quizzes shall be administered to all secondary students in both private and Public school with in the division. Those who will hurdle the test will be given a special privileges to Avail advance troubleshooting training guide, hence participation of the parents is only for the miscellaneous expenses for electricity and instructor to handle the training at STI College.

The program is very essential and it is <u>NOT COMPULSORY</u> on the part of parents concern. The universal fact stands that the more we learn the greater is our chances for success. Please allow us to thank you in anticipating to your favorable consideration hereon...
