Dear **Dr. Aposin:**

Warmest greetings from DOST!

The Department of Science and Technology (DOST) through Presidential Proclamation No. 780 s. 2019 celebrates the National Science, Technology, and Innovation Week (NSTW) every fourth week of November. This year, we are excited to take this premier event beyond the confines of Metro Manila and bring it to the vibrant City of Iloilo.

The 2023 National Science, Technology, and Innovation Week or 2023 NSTW, scheduled on November 22-26, 2023, will revolve around the overarching theme of "Siyensya, Teknolohiya at Inobasyon: Kabalikat sa Matatag, Maginhawa at Panatag na Kinabukasan," with a focused sub-theme of "Creating and Protecting Wealth for a Sustainable Blue Economy."

Over the course of five days, the event will showcase the remarkable strides and accomplishments in the field of science, technology, and innovation (STI) in the country. A range of engaging activities, including exhibitions, lectures, and workshops, will emphasize the pivotal role of STI in fostering wealth creation, wealth protection, human well-being, and sustainability. Furthermore, this occasion will serve as a dynamic platform for collaboration and partnership-building among key sectors, such as the academic community, local government units (LGUs), and our micro, small, and medium enterprises (MSMEs).

We would like to invite you, your staff, faculty, and students to experience the 2023 NSTW at the following venues: the Iloilo Convention Center, Megaworld Boulevard, Mandurriao, Iloilo City; the Lawud: Marine S&T Exhibits at the JBL Maritime Vanguard and Iloilo River area; and the Hinabul: Fibers and Textiles S&T Exhibits situated at the National Museum Western Visayas. You may view the exhibits and attend the various activities on November 23-26, 2023, 8:00 a.m. to 6:00 p.m.

To register, you may download the **NSTW 2023 mobile application** through the following links:

IOS/App Store: <https://bit.ly/nstw2023ios>

Android/Google Play Store: <https://bit.ly/nstw2023android>
