SUBJECT: **TECHNICAL SPECIFICATIONS FOR THE PRINTING OF**
QUARTER 2 SELF-LEARNING MODULES (SLMs)

DATE : **September 9, 2020**

DepEd Order No. 18, s. 2020 provided the guidelines for the provision of learning resources as well as the release, utilization, and liquidation of support funds for the printing and delivery of self-learning modules and other learning resources in light with the implementation of the Basic Education Learning Continuity Plan.

As contained in Item 5.4 of the said issuance, the Schools Division Offices (SDOs) are given the flexibility to determine the standard technical specifications in the procurement or in-house/by administration of printing and delivery of SLMs.

In the succeeding quarters of the school year however, an addendum to these guidelines may be issued to ensure uniform technical specifications.

This addendum pertains to the printing and delivery of Quarter 2 SLMs where the SDOs are given options to consider procurement subject to compliance with R.A. 9184, otherwise known as the "Government Procurement Reform Act" and its Implementing Rules and Regulations (IRR) and other GPPB issuances or in-house/by administration.

However, Quarter 2 printing of SLMs should comply with the minimum technical standards to ensure uniformity in the procurement or in-house/by administration printing and delivery of SLMs (please see enclosure).
