Dear Dr. Bermejo:

In line with our continuing efforts to improve digital connectivity and expand access to reliable internet services in the First Congressional District of Capiz, we are pleased to share that, through the Department of Information and Communications Technology (DICT), additional Free Wi-Fi sites have successfully been installed in various areas within our district.

In connection with this initiative, the DICT, in partnership with our office, shall conduct the Launching of the DICT Free Wi-Fi Program in the Province of Capiz on October 14, 2026, at 10:00 AM at the Capiz State University (CapSU) Main Campus, Roxas City. Registration of participants will begin at 9:00 AM.

The activity aims to raise public awareness of the Free Wi-Fi Program and encourage greater utilization of the service, particularly among students, market vendors, residents, and other members of the community. This is especially important considering that the identified Wi-Fi sites are strategically located in schools, government offices, and public markets, where accessible and reliable internet connectivity can support education, communication, livelihood, and access to government services.
